

Wipes for delicate tasks, WYPALL* X60 Kimberly-Clark

Durable uniformly reinforced towels for demanding jobs. Can be used in medium to heavy duty applications.

- Embossed surface traps and holds dirt and liquids
- No adhesives or binders; wipes leave nothing behind
- Tough enough for big jobs, yet soft enough for face and hands
- Rolls can be used with dispensers 115-0045, 115-1533 or 115-2038

Wipes for delicate tasks, KIMTECH SCIENCE* Kimberly-Clark

115-2064

These precision wipes are specifically designed for the cleaning and wiping of delicate surfaces such as lenses, slides and optical instruments. The wipes are suitable for use within laboratories in both the manufacturing and healthcare sectors, and in a variety of industries including optical, laser and electronics.

- Made from 100% pure fibre, giving more absorbency and a softer feel
- Chemically inert allowing use with solvents and chemicals
- Low linting, ideal for delicate cleaning areas
- Pop-up box for easy dispensing of single wipes
