

Sample containers, with screw cap, Universals

PP translucent or PS clear, with PE screw cap

Straight walled containers ideal for sample collection, storage and transport. Supplied with leakproof, flow seal closure. Available pre-filled with boric acid for urine samples.

PS offers good thermal and chemical resistance. PP offers excellent thermal and chemical resistance. Packed in inner bags of 50.

- Manufactured from FDA approved virgin polystyrene or polypropylene
- Supplied sterile and for *in vitro* use only
- CE marked in accordance with European Directive 98/79/EC
- All containers are leak tested to British Standard BS5213:1975(1989)
- All materials are non cytotoxic

Capacity (ml)	Type	Colour	Material	Pk	Cat. No.
Containers, Polypropylene					
30	Universal container, plain label, sterile	Translucent	PP/PE	400	216-0983
30	Universal container, no label, sterile	Translucent	PP/PE	400	216-0985
