## Laboratory gloves, Touch N Tuff®

Ansell

### Nitrile, non sterile, powdered or powder-free, smooth finish or textured fingertips

Gloves feature rolled cuffs for wrist protection and to keep the glove in place. The glove is made of puncture resistant nitrile which offers valuable protection against accidental splashes.

- 100% nitrile; no waxes, silicone or plasticisers; ideal for sensitive skin
- Three times the puncture resistance of latex or PVC
- Light, cool and durable
- Designed for maximum freedom of movement and minimum hand fatigue

Length: 240/300 mm  
Thickness: 0.12 mm  
Colour: Green  
EN 374, Cat. III; AQL 1.5
