

Ezee-topper™ Caps

Flange Plug Tite Caps

## Ezee-topper™ Caps

Ezee-topper™ Caps are ideal for resealing most 13mm and 16mm glass and plastic blood collection tubes. They protect potentially hazardous samples from accidental spillage, contamination and evaporation.

- Exclusive thumb tab makes cap removal simple, quick and fatigue free.
- Colours match the original blood tube stopper.
- 13mm Ezee-topper™ Caps fit 13mm glass evacuated blood collection tubes and 12mm plastic test tubes. Available in six colours.
- 16mm Ezee-topper™ Caps fit 16mm glass evacuated blood collection tubes. Available in two colours.
- Manufactured from Polyethylene.
