

Bottles, wide mouth, square with thread
KAUTEX TEXTRON

HDPE, translucent

Ideal for packaging, storing and transporting liquids, pastes and powders. Wide mouth for easy filling, emptying and cleaning. Physiologically inert and therefore also suitable for packing and storing food. With labelling space.

- Good chemical resistance, temperature resistant from –40 to +110 °C
- Ribbed sides for secure grip, high stability
- Suitable screw caps available separately under 215-3542 or 215-3515

Capacity (ml)	Thread (mm)	WxDxH (mm)	Neck I-Ø (mm)	Pk	Cat. No.
250	40	59,0×59,0×110,5	30,8	1	215-3312
500	40	69,0×69,0×145,5	30,8	1	215-3313
1000	50	86,5×86,5×178,5	30,8	1	215-3314

Thread (mm)	For bottles (ml)	Pk	Cat. No.

50	500/750	1	215-3515

Bottles, wide mouth, square, with screw cap, Nalgene®
Thermo Scientific

HDPE, translucent or PPCO, translucent, with PP screw cap

Ideal for storing and shipping samples. Wide mouth permits easy filling and cleaning. Square shape saves space.

- HDPE: Compatibility with most alcohols, bases and acids. PPCO: Very good chemical resistance
- HDPE: Heat resistant up to +120 °C. PPCO: Heat resistant up to +121 °C, autoclavable
- Leakproof
