

Dishes, crystallising
DURAN Group

DURAN®, borosilicate glass, with or without spout

For a wide range of applications. From 100 ml capacity upwards has white square labelling area.

- Very good chemical resistance
- High temperature resistance
- Minimal thermal expansion, giving relatively high resistance to temperature changes

DIN 12337 (without spout)

DIN 12338 (with spout)

Dishes, crystallising

PYREX®, borosilicate glass, with or without spout

Features flat base and straight sides and white labelling area.

- Very good chemical resistance
- High temperature resistance up to +500 °C
- Minimal thermal expansion, giving relatively high resistance to temperature changes
