PORTAPIPETTE A DUE PIANI

PMMA (PLEXIGLAS)

Solidi portaprovette in PMMA, i fori più piccoli nella parte inferiore garantiscono una tenuta sicura della provetta.

TEST TUBE RACKS TWO-TIER

PMMA (PLEXIGLAS)

Sturdy test tube racks made of glass clear PMMA (Plexiglas). Smaller holes in the lower tier of the rack hold the test tubes safely.

PORTE-TUBES À ESSAIS À DEUX ÉTAGES

PMMA (PLEXIGLAS)

Supports solides en PMMA (Plexiglas) transparent. Petits trous dans le plateau inférieur du support tiennent les tubes solidement.
