## Wipes, Swabs and Covers

### Swabs and Applicators

#### Swab, Critical Swab®, Large Absorbent Foam Head

Foam head is made from thermally-reticulated foam. Polypropylene handle.

- Fine-pore filter foam head for high tensile strength and excellent tear resistance
- Head has low inorganic and organic residues

Head Width (mm):	11.7
Handle Width (mm):	3.2
Head Length (mm):	25.4
Handle Length (mm):	150.0

Description	Pk	Cat. No.
Large Absorbent Foam Head	500	149-0033

#### Swab, Critical Swab®, Small Foam Head

Absorbent foam head is made from thermally-reticulated foam. Polypropylene handle.

- Fine-pore filter foam head for high tensile strength and excellent tear resistance

Head Width (mm):	3.8
Handle Width (mm):	2.3
Head Length (mm):	9.1
Handle Length (mm):	66.3

Description	Pk	Cat. No.
Small Foam Head	500	149-0034

#### Swabs, Critical Swab®, Absorbent Foam Head

Foam heads use thermally-reticulated foam. Flexible polypropylene handle.

- Fine-pore filter foam head for high tensile strength and excellent tear resistance
- Heads have low inorganic and organic residues

Head Width (mm):	6.4
Handle Width (mm):	3.0
Head Length (mm):	12.7
Handle Length (mm):	165.0

Description	Pk	Cat. No.
Regular Absorbent Foam Head	100	149-0029
	500	149-0030

#### Swab, Critical Swab®, Absorbent Cotton Foam Head

Foam head is made from thermally-reticulated foam. Foam is sealed over cotton-tipped applicator.

- Fine-pore filter foam head for high tensile strength and excellent tear resistance
- Head has low inorganic and organic residues

Head Width (mm):	6.4
Handle Width (mm):	2.3
Head Length (mm):	21.6
Handle Length (mm):	130.0

Description	Pk	Cat. No.
Absorbent Cotton Foam Head	500	149-0031

#### Swab, Critical Swab®, Absorbent Foam Head

Foam head is made from thermally-reticulated foam. Wooden handle.

- Fine-pore filter foam head for high tensile strength and excellent tear resistance
- Head has low inorganic and organic residues

Head Width (mm):	4.8
Handle Width (mm):	2.2
Head Length (mm):	18.3
Handle Length (mm):	146.0

Description	Pk	Cat. No.
Absorbent Foam Head	500	149-0032

#### Swab, CleanTips®, Wrapped Cotton, ITW Texwipe

Made from 100% cotton, swab can be used for a wide variety of industrial applications. Swab is also useful for application of solvents and cleaning solutions.

- Highly absorbent swab is low in particulates
- Withstands strong solvents such as 1, 1, 1-trichloroethane

Head Width (mm):	7.0
Handle Width (mm):	2.2
Head Length (mm):	17.0
Handle Length (mm):	135.0

Description	Pk	Cat. No.
CleanTips® Mid-Size Cotton Head Swab	5000	710-0545
