

Sample transport tubes, with skirt

PP with HDPE screw cap

Free-standing sample transport tubes with conical bottom. Marked with 1 ml graduations.

- Robust, durable and leakproof
- Wide skirt ensures stability when standing
- Large, matt area for easy labelling and identification

Capacity (ml)	Ø ext. (mm)	Height (mm)	Packed	Pk	Cat. No.
5	14	60	500/bag	500	216-0153
10	14	100	500/bag	500	216-0154
10	14	100	50/bag	1.000	211-0134

Sample tubes, with screw caps, Nunc™  
Thermo Scientific

PS, clear with white PE screw caps

Flat base. The screw cap does not have sharp inside edges, so preventing the formation of droplets and with only a low risk of aerosol formation. Ideal for transporting and storing blood, urine etc. Working volume 25 ml.

- Good chemical resistance, designed for a high level of mechanical stress
- Temperature resistant from –10 to +70 °C
- Can be centrifuged up to 4000×g

Ø ext. (mm)	Type	Pk	Cat. No.
31,5	With inscription field	300	479-0017
31,5	Without inscription field	300	479-0019

Sample containers with screw cap, Bijou

PS clear, with PE screw cap

Straight-walled vessels ideal for sample collection, storage and transport. Supplied with leak proof, flow seal closure. Available pre-filled with boric acid for urine samples.

PS offers good thermal and chemical resistance. Packed in inner bags of 50.

- Manufactured from FDA approved virgin polystyrene
- Supplied sterile and for in vitro use only
- CE marked in accordance with European Directive 98/79/EC
- All containers are leak tested to British Standard BS5213:1975(1989)
- All materials are non-cytotoxic
