Safety bottle containers, Safepak®

PP

For the safe transport and storage of hazardous chemicals. These vessels contain chemical spillages and being translucent they allow the examination of the condition and contents of the inner container without opening. Safepak® are designed to be used with BDH branded glass and Safebreak bottles, ranging from 100 ml to 1000 ml bottles.

- Contains bottle spillages
- For safe storage and transportation of chemicals
- Good temperature resistance
