

Separating funnels, Squibb, Nalgene®  
Thermo Scientific

FEP translucent, TFE stopcock, ETFE screw closure

Robust, transparent, non stick for easy cleaning, non wetting for complete draining and impervious to any chemical used in a separating funnel.

- Leakproof closure and stopcock
- Autoclavable except for stopcock assembly
- TFE stopcock requires no lubrication

Capacity (ml)	Ø Cap (mm)	Pk	Cat. No.
